Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A student/employee/customer	Register and track my complaint online	I cannot easily know the status of my complaint	The complaint handling process is manual and lacks transparency	Frustrated and dissatisfied
PS-2	An administrator/complaint manager	Manage and resolve complaints efficiently	It is difficult to monitor and prioritize complaints	Complaints are scattered across different channels and records	Overwhelmed and less productive
