

Project Design Phase
Problem – Solution Fit Template

Date	18 june 2026
Team ID	Individual project
Project Name	Complaint Ease: Online Complaint Registrations and Management System
Maximum Marks	2 Marks

Problem – Solution Fit Template:

The Problem-Solution Fit simply means that you have found a problem with your customer and that the solution you have realized for it actually solves the customer's problem. It helps entrepreneurs, marketers and corporate innovators identify behavioral patterns and recognize what would work and why

Purpose:

- ☐ Solve complex problems in a way that fits the state of your customers.
- ☐ Succeed faster and increase your solution adoption by tapping into existing mediums and channels of behavior.
- ☐ Sharpen your communication and marketing strategy with the right triggers and messaging.
- ☐ Increase touch-points with your company by finding the right problem-behavior fit and building trust by solving frequent annoyances, or urgent or costly problems.
- ☐ **Understand the existing situation in order to improve it for your target group.**

1. Customer Segments (CS)

Primary Users

- Students
- Citizens
- Employees
- Customers of organizations

Secondary Users

- Complaint Handling Staff
- Department Administrators
- Management Authorities

2. Customer Constraints (CC)

- Difficulty tracking complaint status.
- Delayed complaint resolution.
- Lack of transparency in the complaint process.
- Manual paperwork and record maintenance.
- Poor communication between users and administrators.
- Complaints may be lost or overlooked.

3. Jobs To Be Done / Problems (JP)

For Users

- Register complaints quickly.
- Track complaint progress.
- Receive timely updates.
- Ensure complaints are addressed properly.

For Administrators

- Manage complaints efficiently.
- Assign complaints to relevant departments.
- Monitor complaint resolution status.
- Generate reports for analysis.

4. Problem Root Cause (RC)

- Dependence on manual complaint handling systems.
- Lack of centralized complaint management.
- Absence of real-time status tracking.
- Inefficient communication channels.
- Poor record management and reporting mechanisms.

5. Available Solutions (AS)

Current methods include:

- Physical complaint registers.
- Suggestion boxes.
- Email-based complaints.
- Telephone complaints.
- Spreadsheet-based tracking.

Limitations

- Time-consuming.
- Difficult to monitor.
- Lack of transparency.
- No centralized database.
- Limited reporting capabilities.

6. Behaviour (B)

User Behaviour

- Frequently follow up on complaints.
- Seek faster complaint resolution methods.
- Prefer online and mobile-friendly services.

Administrator Behaviour

- Manually verify complaint records.
- Spend significant time organizing complaints.
- Face challenges in prioritizing issues.

7. Triggers (TR)

- Complaint not resolved on time.
- Lack of status updates.
- Repeated complaints regarding the same issue.
- Need for transparency and accountability.
- Growing demand for digital services.

8. Motivation Before / After (M)

Before

- Users feel frustrated and uncertain.
- Administrators struggle with manual management.
- Complaint resolution takes longer.

After

- Users can track complaints easily.
- Administrators manage complaints efficiently.
- Faster complaint resolution process.
- Improved transparency and trust.

9. Your Solution (SL)

Complaint Ease is a MERN Stack web application that enables users to register complaints online, upload supporting documents, track complaint status in real time, and receive notifications regarding progress.

The system provides administrators with a centralized dashboard to view, assign, monitor, and resolve complaints efficiently while maintaining secure records and generating analytical reports.

10. Channels & Adoption (CH)

Channels

- Web Application
- College/Organization Portal
- Email Notifications

Adoption Strategy

- Easy-to-use user interface.
- Secure login and complaint tracking.
- Awareness through college or organizational communication.
- Training and demonstration for administrators.
