Project Name	Complaint Ease: Online Complaint Registrations and Management System
Maximum Marks	

Project Overview:

Project Name: Complaint Ease: Online Complaint Registrations and Management System.

Project Description: Complaint Ease is a web-based application developed to simplify the complaint registration and management process in colleges, hostels, apartments, and organizations. The system allows users to register complaints online, track their complaint status, and receive updates. It also enables administrators to manage complaints efficiently, assign tasks, and resolve issues in an organized manner, reducing delays caused by manual complaint handling.

Project Version: Version 1.0

Testing Scope: Features and Functionalities to be Tested:

- User registration and login system
- Online complaint registration form
- Complaint status tracking feature
- Admin dashboard for complaint management
- Complaint resolution and status update system

User Requirements to be Tested:

- Users should register complaints successfully
- Users should track complaint progress anytime
- Admin should view and manage all complaints
- Admin should update complaint resolution status
- System should securely store complaint details

Testing Environment :

URL/Location : Local Host / Web Applicatin

Test Cases:

Test Case ID	Test Scenario	Test Steps	Expected Result	Actual Result	Pass/Fail
--------------	---------------	------------	-----------------	---------------	-----------

TC-001	User Registration	Enter valid details and click Register	User account created successfully	User account created successfully	Pass
TC-002	User Login	Enter valid credentials	User logged in successfully	User logged in successfully	Pass
TC-003	Invalid Login	Enter incorrect password	Error message displayed	Error message displayed	Pass
